Post Title: **Research Scientist (two positions)**

Domain: Quantitative Life Sciences Section

Post Number: 1ITSC 0883TP, 1ITSC 0884TP

Grade: P-3

Organizational Unit: International Centre for Theoretical Physics (ICTP)

Primary Location: Trieste, Italy

Recruitment open to: Internal and external candidates

Type of contract: Fixed-Term

Deadline (midnight, Paris time): 4 May 2022

**OVERVIEW OF THE FUNCTIONS OF THE POST**

Founded in 1964 by the late Nobel Laureate Abdus Salam and located in Trieste (Italy), the Abdus Salam International Centre for Theoretical Physics (ICTP) seeks to accomplish its mandate by providing scientists from developing countries with the continuing education and skills that they need to enjoy long and productive careers.

Under the direct supervision on the Head of Section/Senior Research Scientist, Quantitative Life Sciences (QLS) Section, the incumbent initiates, develops and coordinates front-line research in Quantitative Life Sciences (QLS), provides guidance and mentoring to post-doctoral fellows, visitors and students, teaches courses at the ICTP and elsewhere, and participates in the organisation of activities of the section and in the selection of applicants to ICTP programmes and activities related to the section. Essential responsibilities include:

**Scientific Research:**
- Undertake front-line research in one of the two following areas: 1) stochastic thermodynamics of biological or of soft/condensed matter systems, both theoretical as well as applied to experiments; 2) mathematical physics approaches to machine learning and high dimensional inference. Identify, develop and implement research projects in that field.
- Participate in the hiring of post-doctoral fellows.
- Provide guidance and mentoring to post-doctoral fellows, and guidance to any associates, visitors or fellows that collaborate on these research projects.

**Education and Training:**
- Teach in the Diploma programme of the QLS section and supervise Diploma student thesis.
- Provide scientific supervision to and mentor M.Sc. and Ph.D. students.
- Participate in the selection of the Diploma students and of M.Sc. and Ph.D. students as required by ICTP programmes. Teach in international programmes of the ICTP, held at ICTP and elsewhere.

**Scientific Organisation and Outreach:**
- Establish wide cooperation with scientists from developing countries and identify their scientific needs in area related to own area of expertise and formulate appropriate recommendation for incorporation within ICTP programmes.
- Organize ICTP meetings, activities in the own field and organise ICTP external activities, predominantly in developing countries, in own field of research.
- Apply for and manage individual research grants. Participate in the programmes of ICTP Partner Institutes.

**COMPETENCIES**

A successful candidate will be required to demonstrate the following competencies:

- Accountability
- Communication
- Teamwork
- Innovation
- Results focus
- Planning and organizing
- Knowledge sharing and continuous improvement

For detailed information please consult the [UNESCO Competency Framework](https://en.unesco.org/sites/default/files/Competency%20Framework_E.pdf)
REQUIRED QUALIFICATIONS

EDUCATION
• Advanced University degree (Ph.D. or equivalent) in Physics or related areas.

WORK EXPERIENCE
• Minimum of 4 years of demonstrated professional experience in one of the following areas: 1) stochastic thermodynamics of biological or of soft/condensed matter systems, both theoretical as well as applied to experiments; 2) mathematical physics approaches to machine learning and high dimensional inference.

SKILLS/COMPETENCIES
• Ability to collaborate effectively within a multicultural environment with sensitivity and respect for diversity.
• Excellent analytical skills. Ability to collect, synthesize and analyse information from various sources.
• Ability to communicate effectively on complex technical and scientific issues in English.

LANGUAGES
• Excellent knowledge (spoken and written) of English.

DESIRABLE QUALIFICATIONS

WORK EXPERIENCE
• Relevant professional research experience acquired at international level.
• Experience in the design, implementation and management of scientific projects.
• Experience in the teaching and/or mentoring of undergraduate or postgraduate students.
• Experience in the development and coordination of scientific training and research activities.

LANGUAGES
• Knowledge of Italian
• Knowledge of another official UNESCO language (Arabic, Chinese, French, Russian, Spanish).

BENEFITS AND ENTITLEMENTS

UNESCO’s salaries consist of a basic salary and other benefits which may include if applicable: 30 days annual leave, family allowance, medical insurance, pension plan etc.
For more information in benefits and entitlements, please consult ICSC website and UNESCO’s career website.

MORE INFORMATION

Please note that all candidates must complete an on-line application and provide complete and accurate information. No modifications can be made to the application submitted. The evaluation of candidates is based on the criteria in the vacancy notice, and may include tests and/or assessments, as well as a competency-based interview.

Candidates must use the UNESCO’s online application system which is accessible through the following links:

For current UNESCO fixed-term staff members: UNESCO Intranet > Tools > HR Apps > Careers. If you are working remotely, you should connect to Careers portal through connect.unesco.org
For all other candidates: https://careers.unesco.org

In addition to the online application, candidates are requested to submit their research statement to the ICTP Personnel Office (email: personnel_office@ictp.it) clearly indicating in the subject line “Research Scientist, post no. 1ITSC 0883TP & 1ITSC 0884TP”.

For information: Personnel Office, Abdus Salam International Centre for Theoretical Physics, Strada Costiera, 11, 34151 Trieste, Italy.
